MINOTTI
Freeman Lounge

Designed by Rodolfo Dordoni for Minotti, Freeman Lounge features reduced depth seats for flexibility to fit in settings of limited scale. One-piece seats – distinguished by decorative stitching that defines a uniform, graphic motif – can be grouped together, forming varying dynamic compositions.

ORANGEBOX
Coda

A synthesis of functionality, design, manufacturing intelligence and sustainability, Orangebox's new Coda range follows the belief that great design comes from condensing the complex into the essential. A range of chairs, stools and tables, Coda's robust compositions and combination of shapes forms a range with a clear and lucid aesthetic voice, defined by efficient construction, rich colours, and extensive customisation.

MOROSO
Cradle

Designed by Layer – Benjamin Hubert's experience design agency – Cradle is a new family of furniture. Comprising a high-back chair, low-back chair and room divider, the collection was inspired by the Layer studio's research into the construction of mesh materials and how traditional product typologies can be re-imagined to enhance performance.
