CORIAN
DeepColour

Developed by DuPont Corian's Research & Development team, Corian DeepColour enables for the creation of richer, deeper and higher performance Corian colour cladding. Offering designers, architects and furnishing companies an expanded range of colour options, Corian can be shaped into imaginative forms and is suitable for use in a variety of environments. The DeepColour range is available in four tones of black, six tones of brown and two tones of grey.

VIGHT
The Windsor Collection

The Windsor collection from Vight is a modern reinterpretation of classic crystal lighting. The stylish range of lamps offer a hint of luxury, yet sit comfortably as part of a contemporary setting. Featuring thick cut crystal that transforms and refracts light around the room, the collection is currently available in two versions: polished brass and polished nickel.

JO LITTLEFAIR LONDON
Saffron Wing Back Armchair

Featuring elegant curves, a clean silhouette and antiqued brass stud detailing, Jo Littlefair London's Saffron Wing Back Armchair creates a sense of allure while combining comfort and style. The chair incorporates a textured pattern and contrast piping to offset its sleek lines, and has evolved from the design of the original Saffron chair.

SPRADLING
Chronos

Spradling's Chronos range brings together a selection of subtle and durable textures suitable for high-traffic areas. Easy to maintain and clean, the range has been formulated to comply with the most stringent fire-resistance measures and to offer abrasion resistance, a phthalate-free formulation, and improved protection against fats, oils and perspiration.
